STATINTL

We were delighted to have your Christmas card and the season's greetings that it conveyed from sunny California. For our part, we were off to Massachusetts for two weeks of relaxation in the snow.

I seldom am able to arrange trips to the West Coast, especially now in view of my new responsibilities. However, I hope to visit with you again soon or hope that you will stop by when you are in Washington.

Sincerely yours,

Albert D. Wheelon
Deputy Director
